

About us... Fletcher Business Group

The Fletcher Business Group is comprised of four major globally recognized brands providing quality products, equipment and consumables to the market segments of Custom and OEM Picture Framing, Sign and Digital Graphics, Hardware, Woodworking, and Float and Glass Fabrication Industries.

The Fletcher-Terry Company, founded in 1868, offers a "Total Package" Solution for frame joining and substrate cutting and finishing, which are all backed by our global network of distribution partners. We are proud of our longevity and commitment to our core global markets and will continue to provide the highest quality of new products and services to our customers.

FLETCHER

Global brand and leading manufacturer of table-top and wall-mounted/free standing substrate cutters, and points & drivers for picture framing, as well as glazing applications, hand-held glass cutters and pliers, carbide scoring wheels, pillar post, inserts and glass processing chemicals for automated glass processing

Alfamacchine

International brand and leading manufacturer of Underpinners/Frame Assembly Machines, Double Mitre Saws, Framing Points and leading producer of V-Nails Fasteners used in the picture framing and woodworking industries

ALBIN

Global brand of hanging and display products including its patented Picture Perfect – No-Wire Hanging System for wall décor plus EaselMate™, DisplayEasel™ and FrameStrap™ products for displaying framed artwork, printed signage, photos, awards and educational diplomas

AMP

North American brand of Underpinners/Frame Assembly Machines, Double Mitre Saws, Framing Points, and V-Nail Fasteners used in picture framing and woodworking industries
